Soft Skills

Problem Solving

Effective Communication

Teamwork

Adaptability

Projects

○ PujaPadhati – Website

[Live Demo link](#)

Tech Stack - Next.js | TypeScript | Chakra UI | Tailwind CSS

Built and deployed Puja Padhati, a comprehensive website for Hindu rituals, featuring mantras, slokas, aartis, stotras, and more. Developed with Next.js, Chakra UI, and Tailwind CSS to ensure a seamless, responsive, and user-friendly experience.

PujaPadhati - Android App

[Play Store link](#)

[Promo Video](#)

Tech Stack - React Native | WebView

- Published the PujaPadhati Android app on the Google Play Store using Expo (React Native) with a WebView-based architecture for a smooth mobile user experience.

MessGo – Website

[Live Demo link](#)

[GitHub Link](#)

Tech Stack - React | Redux | Tailwind CSS | Chakra UI | Express.js

- Developed a responsive, role-based mess-management platform with React, Redux, and Tailwind css on the frontend and Node.js + Express on the backend, integrating Razorpay for secure online payments.

Experience

O3 Infotech Private Limited | Full Stack Web Developer

December 2023- April 2024

- Led UI development efforts to ensure intuitive and visually appealing user interfaces.
- Performed comprehensive bug fixing and troubleshooting to uphold seamless functionality.

Pinaak The Divinity Within Pvt. Ltd.

Co-Founder & Frontend Developer (Startup Project)

May 2024 – Present

- Leading frontend development for the PujaPadhati platform (web + Android)
- Built reusable UI and responsive layouts using React & TypeScript
- Published the Expo-based Android app on the Google Play Store
- Managing releases, improvements, and feature roadmap
